TANLAC DISPLAY

MAKES GREAT HIT

Unique and Attractive Display of Celebrated Medicine Attracts Much Attention.

An advertising display, which has attracted unusual interest, has been placed in the show window of Charles L. Kitzmeyer, on Carson street, in this city, the local agency for the well-known and highly successful proprietary medicine, Tanlac.

The display is not only interesting from an advertising standpoint, but is educational, combining in an attractive and artistic manner beautiful scenes from many foreign countries where the ingredients of this preparation are obtained.

It has occasioned such favorable comment in the city that the proprietor of the store states that it will remain in their window several days longer.

Work of Great Artist

The display is the work of one of America's greatest lithographic artists and the manufacturers of Tanlac state that the total cost will exceed \$60,000, which is said to be a record price for window displays. It is in ten distinct and natural colors, and presents scenes from the Rocky Mountains, as well as from Europe, Asia, Peru, Egypt and other foreign countries.

The natives are seen in their natural habitat and environment, gathering the roots, herbs and barks that form the medicinal ingredients of Tanlac, packing them upon the backs of camels, elephants, llamas and other beasts of burden for transportation by land and sea to the immense laboratories at Dayton, Ohio, and Walkerville, Canada.

One of the most striking features of the display is the reproduction of the magnificent laboratory at Dayton. Here the artist has very effectively and impressively portrayed the popularity of Tanlac by introducing a group of people in all walks of life, who are looking at the Tanlac laboratory with expressions of confidence, plainly indicating their belief and faith in the medicine.

Another distinctive feature is the bulletins accompanying the display. They tell briefly and concisely of the marvelous growth and development of Tanlac, until today it has the largest sale of any medicine of its kind in the world. These bulletins also quote various standard medical authorities as to the therapeutic value and physiological effect of the medicine.

60,000 Bottles a Day

From these bulletins one also learns that the new Tanlac laboratories at Dayton and Walkerville have a combined daily capacity of 60,000 bottles and that the medicine is now selling at the rate of approximately 10,000,000 bottles per year.

That Tanlac is a preparation of exceptional merit has never been disputed, which accounts for its tremendous popularity and large sales throughout the country. It is a powerful reconstructive tonic and body-builder and has a far-reaching and most beneficial effect upon the entire system. Many strong local endorsements, from those who testify as to the benefits they received, have appeared in the columns of this paper.

The manufacturers of Tanlac are firm believers in newspaper advertising and have forcibly presented to the public the merits of their products in this way. Their total annual appropriation for newspaper space exceeds \$1,000,000. Their copy appears in practically all of the leading daily and weekly newspapers throughout the United States and Canada.

WANTS IN

Roy Stoddard today petitioned the supreme court for an order allowing Churchill county to participate in the hearing of the bond issue now in question relative to the Walker river irrigation bonds.

As the Churchill drainage bonds are on the same par the two cases can be taken as one. The petition will be granted.

SHORT LIVED STRIKE

AT NEVADA CON

The strike of seventy men at Ruth, according to Frank H. Sanford, organizer for the American Federation of Labor, has about spent itself. One of the four steam shovels started up today, and it is expected that another will be in operation tomorrow.

Most of the men who walked out have returned to work or expressed their willingness to do so, and the indications are that all except the radicals will be back on their jobs within a day or two.

Armed with pickhandles, these radicals attempted to stop the men from returning to work, but the peace officers appeared on the scene and soon quelled the disturbance. It is thought that the rest of the track and dump men will return to their former jobs as soon as the few radicals depart, which, according to latest reports, will be in the very near future.—Ely Times.

OH, DEAR! MY BACK!

Merciful Heavens, how my back hurts in the morning! It's all

due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store, in tablet form.

When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, get Dr. Pierce's Anuric, it will put new life into your kidneys and your entire system. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package.

SAN FRANCISCO, CALIF.—"I have used Dr. Pierce's remedies in my family for fifteen years and have found on every occasion that they gave satisfactory results. Recently I was troubled with my kidneys and my back constantly pained me. I took three packages of Dr. Pierce's Anuric Tablets which removed all pain and cleared up conditions. I advise every one to give Dr. Pierce's remedies a fair trial."—Mrs. E. Eve, 422 Brannon Street.
